List of Participants

Course	Title of the thesis	First Name	Last Name	Company	Number
<b>Course 03</b>	Differences in Road toll and cabotage as a barrier between European countries	Jan	Adamek	Helicar s.v.o.	1
	Comparison of transport on own wheels and transport on trailers for commercial vehicles. Advantages and disadvantages focused on: Environmental pollution and economical standpoints; Develop new logistic concepts	Swen	Beckmeier	VEGA International Car Transport GmbH	2
	<b>CONFIDENTIAL</b>	Daniele	Brandini	Autotrade & Logistics SPA	3
	Automotive project in the Balkan	Alessandro	De Rosis	Grimaldi Group Napoli	4
	Challenges of an automotive activity optimization in a car production plant	Bertrand	De Techtermann	Gefco Slovakia s.r.o.	5
		Elif	Erman	Ilçe Transportation Co	6
	Analysis of and concept for improvements for improved efficiency of PPO & PDI in Autolink Sweden	Fredrik	Göransson	Autolink Sweden AB	7
	Hungary as a trans-shipments points between West and East Europe - Focus on Ukraine	Zoltan	Györi	HÖDLMAYR Hungária Logistics Kft.	8
	Evaluation of the delivery concept of Mercedes-Benz Passenger Cars and smart vehicles to China	Volker	Kenneweg	Daimler AG	9
	What are the implications of the global financial crisis on cargo volumes for Höegh Autoliners, and how can we adapt to the situation	Steinar	Lovdal	Höegh Autoliners	10
	Evolution after Acquisition. How to take-overs influence a company	Mark	Lucas	Lucas Logistics Autotransport B.V.	11
	Performance of operational processes	Kirill	Lukmazov	Inter-Auto Ltd.	12
	Use of alternative fuels in favour of worldwide reduction of CO2 emissions. "Installation of LPG systems as extra VAL activity"	Geert	Meesen	Broekman Automotive	13
		Lucie	Ripova	Helicar s.v.o.	14
	Marketing of forwarding and road transport of new vehicles. Romania	Mihai	Sacui	GEFCO Romania - TLA	15
	Possibilities how shipping companies can effectively react to the market downturn	Marco	Siemssen	UECC	16
	Cost analysis of the truck fleet. Telematic system - FleetBoard	Tobias	Spannbauer	Horst Mosolf GmbH & Co. KG	17
	Malaga port car terminal. Project and Set-up Evaluation	Lluís	Vilà	Sintax Logística S.A.	18
	Strategic Challenges in Times of Uncertainty. Performing a Multiple Scenario Analysis for Egerland	Jan Henning	Vollmer	Werner Egerland	19
	Cost-benefit analysis of the BLG Auto Terminal Bremerhaven and the WWL Terminal Zeebrugge from the view of a German OEM	Christian	Weber	BLG Automobile Logistics GmbH	20
<b>Course 04</b>	A low cost model for European Cartransporters. Low Cost Truck Company	Filippo	Cerboni	iFast Automotive Logistics	21
	Research for an effective solution for transporting single cars in Spain	Albert	Cortés i Mochales	Tradisa	22
	Production of KMS in Empty. For the Spanish market & TRADISA	Oriol	Espinach	Tradisa	23
	How to protect the finished vehicle in road transport? Quality management for fleet of trucks. Operational standards, control and supervising, damages. Expectations vs. reality	Piotr	Firak	GEFCO	24
	How do European short-sea RoRo Companies deal with volume fluctuations in a severe economic downturn?	Gerrit	Hartmann	UECC	25
	Rail wagon tracking tool at Mosolf Automotive Railway GmbH	Daniel	Imhof	Horst Mosolf GmbH & Co. KG	26
	Quality Management - requirements to ISO 9001:2000 with reference to the QM-system of the vehicle logistics department at Willi Betz	Nicole	Jäger	Willi Betz	27
	Towards a zero emissions transportation future - a perspective from Wallenius Wilhelmsen Logistics on industry change	Klas	Johansen	WWL	28
		Emirhan	Kökcü	Ilçe Transportation Co	29
	Investigation on human resources. Skills, competitiveness, satisfaction, influences that affect workers productivity, causing reclamation or affecting lead time	David	Lorencić	BLG Automobile Logistics GmbH	30
	Crisis related market unbalances. The PSA/GEFCO case	Miloš	Mrazek	GEFCO	31
	<b>CONFIDENTIAL</b>	Nikolaos	Papanastasiou	UECC	32
	How to improve local distribution in terms of lead time, quality and costs in the automotive logistics. Case study: Project of improvement of Peugeot and Citroën distribution from Paris area	Olivier	Ribeiro	GEFCO	33
	A consolidated logistics solution for the Hyundai Automotive Group in Europe - based on long term considerations	Djana	Rigbers	Glovis	34
	A low cost model for European Cartransporters	Filippo	Rizzi Ariani	Grimaldi Group	35
	On-board computers: Expectations & reality. Business case: Mosolf Benelux	Tom	Vanslembrouck	Mosolf GmbH	36
<b>Course 05</b>	Impact of the Croatia's Accession to the European Union on Vehicle Logistics Sector. Analysis of Croatian Vehicle Logistics Sector and Challenges after Accession (Influences on LSPs, Company Lagermax and Customers in Croatia)	Robert	Basic	Lagermax	37
	An alternative solution for transporting finished vehicles?	Kim	Bogatzki	BLG Automobile Logistics GmbH	38
		Carlo	Cinque	Grimaldi Group	39
	Potential development of Ukraine as a transit country	Olga	Danylyuk	GEFCO	40
	Fuel Consumption & CO2 Emission.Cost Saving with Future Hybrid Technology in a Truck Fleet	Christian	Eisele	Mosolf GmbH	41
	Why a Sustainable Partnership is Essential for the Outbound Finished Vehicle Logistics Supply Chain? What Kind of Optimized System Could Be Implemented?	Laurent	Fournier	i-Fast Automotive Logistics S.r.l.	42
	Unbalance of FIAT flows in Italy 2011: Bologna Project and Possible Synergies with other LSPs	Emiliano	Franchetto	CAT	43
	How to Swim with Sharks? The Strategies and the Behaviour of LSPs regarding their Business Models, depending on whether they have a Reliable Long-term Contract with Good Conditions or not, in Very Competitive High Volume Markets and the Effects; Both to Themselves, to Competitors and to the Market itself. Case Study: "Turkish Finished Vehicle Logistics Market"	Efe	Kökcü	Ilçe Transportation Co	44
	Providing an Asian Importer the best logistic solution for the Iberian Peninsula	Sonia	Llombart	Sintax	45
	<b>CONFIDENTIAL</b>	Lorenz	Mehisteibl	Glovis	46
	Short Sea RoRo Shipping: Planning and IT Tools	Atle	Mikkelsen	UECC	47
	ESCARGO, a New Logistic Solution for the Long-term Rental Market	Lorenzo	Pansa	Elia-Ambrosetti	48
	Market specific car modifications	Danny	Penders	Vehicle Logistics Corporation	49
	Developing Business with Car Manufacturers when We are Ourselves a Logistic Integrator for an OEM: what are the Key Success Factor?	Laurent	Sik	GEFCO	50
	Yard Flows Optimisation (Hub Kolin, Czech Republic)	Jaroslava	Zabrodská	GEFCO	51
	Improvement of Finished Vehicle Distribution due to Flexible Load Building Using the Example of Daimler AG, Mercedes-Benz Plant Bremen	Maikke	Ziezolt	Daimler AG	52
<b>Course 06</b>	Mercedes-Benz Russia Vehicle Logistics Tender 2011	Oleg	Agnitsev	Mercedes-Benz Russia	53
	How to further develop the ECG Academy - Diversifying its Course Offer & Applying for EU Funding	Tom	Antonissen	ECG	54
	Optimization Compound Management	Marta	Batlioni Trujillo	Seat S.A.	55
	How to manage short sea activity in automotive transport?	Alexis	Derobert Masure	Gefco	56
	Riga - the best place for the new vehicles logistics center	Martins	Eglitis	Kurbads un Ko	57
	Foreign vehicle Transport Company to Finnish market, possibilities for Assistor OY Ab	Madis	Enok	Assistor AS Estonia	58
	Lashing Method Standardization on Brand New Vehicles	Fabio	Florito	Grimaldi Group	59
	Optimizing a logistics model for the transport of used cars from Germany to Finland	Johann	Forsbergh	SE Mäkinen Logistics Oy	60
	New Car Launch Logistics. OEM – LP interaction and communication as a main driver of success for a new model introduction on the market	Ugo	Gasparri	i-fast Automotive Logistics s.r.l.	61
	Doc Flow Optimization Project: The automatic data implementation to the Company information system of "Autotechnoimport", LLC	Maxim	Grishin	Autotechnoimport	62
	Transit Transportation via TR from Far East and EU to Middle East and North Iraq	Ahmet	Gunenc	Gefco Tasimacilik & Lojistik A.S.	63
	MARPOL Annex VI- Implications for UECC	May Elin	Hagen	UECC	64
	Analyze the environment of the Export department Gestore Piazzale (IVECO Magirus Ujm)	Petr	Halecky	VEGA International Car Transport GmbH	65
	Internationalising truck fleet - Chances, risks and scope of realization within the business unit AUTOMOBILE of the BLG Logistic Group	Timo Maximilian	Harms	BLG Automobile Logistics GmbH	66
	The issue of the fuel clauses on the French road transport market How are the STVA fuel clauses implemented? What are the financial impacts and the room for manoeuvre of our company?	Benjamin	Jouanne	STVA	67
	Competitiveness study. Vehicles import to Russia through Baltic ports	Martynas	Kersys	Sia Gefco Baltic	68
Exploring the possibilities of utilising short sea shipping versus truck and train concerning new vehicles being assembled in Spain designated to the Danish market. It is my objective to investigate the current flow from Spain as well analysing logistics costs and environmental impact.	Michael	Lodberg Jensen	Scandinavian Auto Logistics A/S)	69	
Redesign of the outbound distribution network for Mercedes-Benz Commercial Vehicles in France	Timo	Schuker	Daimler AG	70	
The Development of Short Sea Service during Last Year and its Use for New Vehicle Logistics	Francesco	Abate	Grimaldi Group	71	

	OEM
	Road transport
	Rail transport
	Maritime transport
	LSP
	Miscellanea
	Confidential
	Not available

**ECG Academy**  
List of Participants

Course	Title of the thesis	First Name	Last Name	Company	Number	
<b>Course 07</b>	Sintermar Livorno, a terminal readjustment	Mattia	Bonucci	Grimaldi Group	72	
	Finish vehicle logistics on a Multipurpose Terminal	Julian	Brütt	Rhenus Cuxport GmbH	73	
	European Shipping in the light of the IMO & EU regulations Implications of SECAs in 2015 and beyond	Gabriela	Caraman	ECG	74	
	The re-engineering of the Outbound Logistics. Scheme from PSA plants to Italian dealers (A new way of thinking the delivery for PSA to Italian Market)	Fabrizio	Cosentino	GEFCO Italia	75	
	Scheme from PSA plants to Italian dealers	Sarah	Fiore	Elia	76	
	Requirements for the Logistics Management in the Distribution of Finished Vehicles due to the Increasing Variability in the Transport Flows	Dominik	Holzinger	Lagermax	77	
	Chances and Challenges for Transportations to and from Turkey from OEM's perspective	Mirko	Kaiser	Daimler AG	78	
	Is Innovation the key to tackle with the volatility of the Automotive market? Need for a change in the conservative relationship between OEMs and LSPs?	Julien	Laurent	GEFCO	79	
	The impact of weather on the automotive logistics in Russia	Igor	Maltsev	Autotechnoimport	80	
	Vehicled transport by rail. Open versus closed wagons	Tanja	Mattheis	BLG Automobile Logistics GmbH	81	
	Developing port activities in Western Europe: a strategic development for LSPs?	Pantxika	Passicot	TEA - GCA	82	
	Logistical distribution hubs and rest stops in India Increasing quality & efficiency of finished vehicle transport in India	Amit	Singh	Mosolf India Logistics	83	
	SECA Impact on Shortsea Shipping	Torkell	Stavdal	UECC	84	
	Sulphur content regulation in the Baltic Sea and North Sea area. Possible effects for the Finnish car import routes	Ailti - Pekka	Väisänen	Assistor Oy AB	85	
	Retirement Systems For Outbound Logistic Drivers. How can we ensure sustainable employability for our drivers.	Jean-Paul	Van Der Heijden	GEFCO	86	
	Car Production Shift Into Eastern European Countries And Its Effects On Outbound Logistics Companies	Momtchil	Youroukov	Hödlmayr	87	
	Tender Management. Price Definition	Ahmet	Adsiz	Horst Mosolf GmbH & Co. KG	88	
	<b>Course 08</b>	Information System - Logistics Kurbads. Implementation of Logistics management system	Jurgis	Ansfelds	Kurbads un Ko	89
		China is nearer through Savona	Ivan	Delfiore	iFast Automotive Logistics	90
		How a new transport channel from Germany to the Far East, through the Italian port of Savona, can reduce by 7/9 days the delivery time of a vehicle				
The Crisis as opportunity: a concrete example from the shipping sector		Eugenio	Grimaldi	Grimaldi Group	91	
Transport & Network Optimisation in an international vehicle transport company		Martin	Kahms	Willi Betz	92	
Decentralization to Centralization Customer-support		Magnus	Karlsson	Skandia	93	
Improving Compound Handling with optimized Compound Layout Capacity, quality and cost optimization		Kari	Koivusalo	Assistor Oy Ab	94	
Customer Care Process		Kostis	Kontogiannis	Neptune	95	
Logistics and navigation systems connection		Robert	Kozyrski	Adampol	96	
European RoRo ports – A comparison of European port prices for RoRo services P&C		Fredrik	Massey	UECC	97	
Flow optimization using a compound		Michal	Mazur	Adampol	98	
Automotive Logistics Clusters in Ports		Tanel	Möistus	Assistor Oy AB	99	
Delivery Vehicles to Sochi		Ekaterina	Mutyeva	Autotechnoimport	100	
Transporter Utilisation in Ireland		Tim	Neville	NVD	101	
Recession management for transport companies		Sorin	Panda	Lagermax	102	
Transit from Europe to Russia via Estonia, Paldiski		Raido	Rondo	Assistor AS	103	
Software change for clear processes and opportunities		Serdar	Sahin	BLG Automobile Logistics GmbH	104	
The Motorways of Sea and the Long Bridge Project		Nunzio	Savarese	Grimaldi Group	105	
Analysis and evaluation of the motivational system on the example of Adampol SA		Lukasz	Szutenberg	Adampol	106	
<b>Course 09</b>		Integration of transport constraints in the production scheduling of car manufacturer	Youssef	Bajddi	GEFCO	107
	Balancing import/export overseas flows. FCA Global Ocean Tender	Gabriele	Bergoglio	Fiat	108	
	BLG Balkan Project - Expansion in the Balkan Region	Aleks	Časar	BLG	109	
	Standardization of yard quality audit	Alessandro	Faggio	Grimaldi Group	110	
	Sustainable Business Policy. An analysis of Neptune Lines' environmental policy for a sustainable future	Angela	Kazantzias	Neptune	111	
	Enhancing Supply Chain Management of GLOVIS Europe by Optimizing Workflow with IT Solution	Hayaen	Kim	Hyundai Glovis	112	
	Capacity Management in Finished Vehicle Logistics	Jörg	Lenz	Mosolf	113	
	Capacity optimisation with a group level integrated system	Attila	Novák	Lagermax	114	
	Enhancement of inland waterway concepts as part of multimodal transports of commercial vehicles at Daimler AG	Christian	Paul	Daimler	115	
	Key markets of the automobile industry with regards to the location of the of German production sites. Changes of market demands from 2000-2013 and the impact on finished vehicle logistics in the future	Georg	Rottenwaller	ARS Altmann	116	
		Stefan	Rudloff	ARS Altmann	117	
	Rail Noise: Various Solutions of its Reduction (Including Composite K- and LL-brake blocks)	Oleh	Shchuryk	ECG	118	
	The Bunker in Shipping: hedging instruments	Mario	Signore	Grimaldi Group	119	
	Implications of the 2015 SECA regulation and the future Baltic RoRo tonnage market	Simen	Solvang	UECC	120	
	Overview on risk controlling in the car industry	Nikolaus	Tellian	Hödlmayr	121	
<b>Course 10</b>	Material Track&Trace in Inbound Transportation. FCA Case	Fabrizio	Bonamini	i-Fast Container Logistics S.p.A.	122	
	Optimization of PDI activities for time and cost reduction: Process improvement through the implementation of a logistics management IT system	Alessia	Cattolico	Automar S.p.A.	123	
	Economy of scale of wider vessels. The effects of naval gigantism and vessels' dimensions development	Anna	Ferraiulo	Grimaldi Deep Sea S.p.A.	124	
	Risk assessment and consideration in price calculations of finished vehicle transports by rail	Markus	Fischer	DB Schenker Rail Automotive	125	
	Measure the unmeasurable. Key performance indicators at a logistics service provider	Sándor	Gacsó	ARS Altmann	126	
	Utilization of everyday use electronic devices in logistics based on the example of Adampol SA storage activities	Marcin	Goryś	Adampol	127	
	Necessity of a Distribution Center in Estonia to be Competitive in the Baltic States Market	Toms	Hartmanis	Kurbads	128	
	Truck sourcing: East to West. Relocating capacity	Ciprian	Julean	GEFCO Romania	129	
	Compound of the future - The smart Dealership Terminal	Steffen	Klatte	BLG	130	
	An automotive world in motion. How to handle those changes	Julien	Lalande	GEFCO Slovakia	131	
	The Use of Technology in Finished Vehicle Logistics. What can be adopted by Alliance Outbound Logistics to improve efficiency?	Jessica	Leonard	Nissan Motor Manufacturing	132	
	An evaluation of compound processes & resources, to highlight the opportunities of process and technological advancements in damage prevention	Niamh	O'Leary	Euro-Med Ireland Logistics	133	
	Proposals to limit the negative impact of the market increase in Spain Logistic changes in Santander port	Sylvain	Réess	Sintax	134	
	Big – bigger - SUV. A global trend and its effects	Melanie	Scheitler	ARS Altmann	135	
	Optimization of Hyundai Group Supply Chain Management in Europe. The role of Glovis Europe	Dávid	Szabó	Hyundai Glovis	136	
	Implementation of IT solutions for smartphones dedicated for trucks drivers and trucks supervisors in MOSTVA	Radoslaw	Szymanski	Mostva	137	
	How to challenge for environment efficiency can affect the world of logistics - a SECA area a case study	Alberto	Tomassetti	Grimaldi Euromed S.p.A.	138	
	Supply & Dmeand	Slian	Tunsberg	UECC	139	
Vessel fleet optimization and expansion for the Mediterranean Ports	Alexandra	Urveczki	MCCL	140		
<b>Course 11</b>	Applying Design Standard Time to the Renault/Dacia PDI in the UK	Aaron	Bliss	Renault Nissan	141	
	RFID TECHNOLOGY AND ITS IMPACT ON THE SUPPLY CHAIN - business case of rfid adoption on cetar port compound	Davide	Calzavara	CETAL srl	142	
	Adaptation of new technologies in truck transportation	Julien	Clemot	Sintax Logistica S.A	143	
	GREEN LOGISTICS - WHICH OPPORTUNITIES FOR THE SHIPPING SECTOR	Andrea	De Luca	Grimaldi Group	144	
	The adaptation of GEFCO to the Automotive Logistic market through the existence of a central Engineering Logistic team	Marie	Tchernoff	GEFCO S.A	145	
	How to integrate Autonomous Vehicles in today's vessel operation and risk/benefit for the car carrier	Linn Irene	Endresen	UECC A.S	146	
	Smart Glasses for Yard Management - New technology to manage a compound activities	Alessandro	Gavioli	FCA ITALY S.P.A	147	
	Digitalization: "Amazonization" of the vehicle logistics industry	Denis	Heusquin	Hödlmayr International AG	148	

**ECG Academy**  
List of Participants

Course	Title of the thesis	First Name	Last Name	Company	Number
<b>Course</b>	CO2 Reporting in MOSOLF SE & Co.KG and further enhancements	Irina	Lebedeva	Mosolf	149
	RFID in the finished vehicle logistics	Arthur	Lemaire	ARS Altmann AG	150
	Between 3PL and 4PL in Finished Vehicle Logistics in Europe	Jaroslav	Maszczyk	Adampol	151
	A combined Intermodal logistic model, Railway-Ship: Germany-Southern Italy-Greece. Implementation of the National Cabotage Lines between southern and northern Italy.	Simone	Mullazzani	Grimaldi Group	152
	Vertical management of finished vehicles: RFID drives efficiency into vehicle compound management	Daniel	Orlando	Automar	153
	Transformation of the automotive industry and its trends	Andriy	Ostroverkhov	ARS Altmann AG	154
	Big Data Analysis: an Optimization Model for Preconfigured Orders	Alessandra	Pesenti	FCA ITALY S.P.A	155
	Transport as a necessary evil	Stefan	Pircher	FRIKUS Transportlogistik	156
	Developing an autonomous operator system in El Prat de Llobregat compound	Estefania	Toledano	Tradisa Logicauto S.L	157
	Smart Gate	Kai	Wenhold	BLG AUTOMOBILE LOGISTICS	158
	Truck transportation needs in the future - autonomous driving	Heinke	Wübbenhorst	BLG Auto Transport	159
	Capacity issues on European Truck Market and their consequences for the Hyundai Kia Automotive Group.	Hyoh-Seun	Yu	Glovis	160
