ECG announces (re)-election of board

May 15, 2020  [People](#)

Record attendance at 25th ECG General Assembly held exceptionally online.

The Association of European Vehicle Logistics welcomes its new Board which was elected on 15th May at its annual General Assembly. Due to the current Covid-19 crisis, the meeting, which was originally to be held in Malaga, Spain was exceptionally held through webinar. Almost 200 members and sponsors joined the meeting and unanimously (re)-elected the Board for a term of one year and welcomed three new board members.

President Wolfgang Göbel, Chief Sales Officer, Mosolf SE & Co. KG, and Vice-President Bjorn Svenningsen, Director Sales & Marketing, UECC have unanimously received a new mandate for a further two-year term.

Other board members serve a one-year term at ECG and the following stood again and were duly re-elected: Marc Adriansens (ICO), Serge Agneray (Groupe Charles André), Costantino Baldissara (Grimaldi Group); Jordi Casals de Pages (Bergé), Krzysztof Dakowicz (Adampol), Mats Eriksson (Axess Logistics), Mark Hindley (BCA), Ömer Gürsoy (Me-Par), Paul Steininger (Hödlmayr International) and Xavier Vazquez (Noatum Terminals).

Due to changing roles three board members relinquished their seats during the year; Michael Bünning (BLG Automobile Logistics), Jean-Michel Floret (Groupe CAT) and Christian Lang (DB Cargo Logistics). The Association thanks them warmly for their commitment and service.

Their positions have been filled by; Emmanuel Arnaud (GEFCO), Andrew Bauer (BLG Automobile Logistics); Antoine Redier (TRAMOSA – TRADISA Group). This brings the current total board back up to the maximum permitted 15 members.
